Software: Poker Stars

Country: Isle of Man Online Poker Room Review PokerStars.com Why go to Las Vegas when you can play at the best online poker room with the best online poker tables - PokerStars. At PokerStars.com you may play all of the following online poker games through the [PokerStars](http://PokerStars.com) downloadable card room: Texas Holdem, Omaha Poker, Omaha High-Low, Seven Card Stud, Five Card Draw, 2-7 Triple Draw, Seven Card Stud High-Low, Razz, HORSE, Poker Tournaments.

Besides the ring games, at [PokerStars](http://PokerStars.com) there is a wide variety of multi-table poker tournaments in all of the poker games they offer. [PokerStars](http://PokerStars.com) is happy to offer play money pot-limit and no-limit poker on the free poker tables. These are in addition to the standard [PokerStars](http://PokerStars.com) structured-limit play money games.

Like a traditional Las Vegas poker room, if a table that you want to play at is currently full you can request to be put on the waiting list. Only when you're playing online poker, getting on the waiting list for a poker table is as easy as clicking a button. Once a seat becomes available at the poker table, you will automatically be asked if you want to sit down and join that game.

At [PokerStars](http://PokerStars.com), no matter which table you decide to play at, you will always be playing poker against real online poker players. Your fellow poker players may live down the street or halfway around the world, but they are guaranteed to be playing on their own behalf. That's because, unlike some other online poker rooms, at PokerStars.com you will never be playing against any bots, shills (paid players), computer opponents or against the 'house' in any way.

Pokerstars Poker Tournaments

[PokerStars](http://PokerStars.com) is excited to host the best multi-table online poker tournaments and poker satellites anywhere on the Internet! Poker tournaments are elimination games that are played until one player has all the chips. Prizes are distributed based on the number of entrants.

PokerStars VIP Club

The [PokerStars](http://PokerStars.com) VIP club recognizes you, the dedicated poker player, and rewards you for choosing to play on the site recognized as the industry's best. [PokerStars](http://PokerStars.com) has always provided you with great games and the best tournaments. Now it offers you new rewards with the VIP Club.

You become a [PokerStars](http://PokerStars.com) VIP the moment you start playing for real money on [PokerStars](http://PokerStars.com). With your first raked hand, you become a BronzeStar VIP. The more you play on [PokerStars](http://PokerStars.com), the higher your star will rise. Each level adds more exciting and innovative rewards.

Our new VIP Club is an extension of our existing Frequent Player Point program. We've created four new VIP Club month-by-month tiers: BronzeStar, SilverStar, GoldStar, PlatinumStar, and our super-exclusive annual tiers: Supernova and Supernova Elite.

Your VIP Club star level is based on your monthly [PokerStars](http://PokerStars.com) real money play. At the heart of the new program are VIP Player Points (VPP)1. You earn one VPP every time you earn a Frequent Player Point (FPP) playing in a real money ring game or tournament. Soft Games: At the lower limits some good value to be had, at the higher limits you will find

some of the hardest cash games online. A lot of the top pros play in the big games here Games: The Free Poker Stars Download software includes poker games like Texas Holdem, Omaha Poker, Omaha High-Low, Seven Card Stud, Five Card Draw, 2-7 Triple Draw, Seven Card Stud High-Low, Razz, HORSE, Poker Tournaments.
